METER Group, Inc. USA agrees to lend factory-owned equipment to the company at the address on this agreement form. Offer is valid in the United States only. The equipment can be used for 10 business days. At the end of this period, the equipment must be returned in like-new condition to METER. If an order is placed for new equipment listed on this form during the period, the demonstration equipment can be used until the new equipment is received. The demonstration equipment must be returned within 5 business days from the receipt of the new equipment. The demonstration equipment must remain with the company listed in this document unless other arrangements have been made with METER in writing. Sending the equipment elsewhere may result in charges being collected for the retail price of the items.

After a 5-day grace period for return of the equipment, rental fees will be assessed and invoiced monthly to the recipient of the equipment until the equipment is received at METER. The total invoiced amount shall not exceed the retail price of the equipment. In the case that the full price of the instrument has been invoiced and paid, ownership of the rental unit will transfer to the recipient listed on this form. The cost of returning rental equipment to METER is the responsibility of the Client. If the equipment is lost or damaged beyond normal wear and tear, METER Group, Inc. USA retains the right to require payment for repairs or replacement. Repairs shall be invoiced at normal service rates.

I agree to the Demo Agreement and Terms and Conditions of METER Group, Inc. USA. Visit metergroup.com/terms-conditions for more information.
